

**HANDLINK** INC.

WHEN YOU NEED RESULTS

# VALUE & VISION STATEMENT

## VALUE

Handlink, Inc. brings commitment and innovation to information technology while helping customers meet expectations and satisfaction.

## VISION

We envision being at the forefront of the implementation of technology and leading the way in finding innovative ways using it.

## THE COMPANY

Created to complement the service product offering of one of the leading ISP provider in the country, ICT Busines Group was formed in the middle of the year 2010. Since then, we moved up to the value chain from being an I.T. Solutions provider to a full-time “**I.T. Systems Integrator**” and a new company was formed offering best of the breed, future-ready, and a full range of products and services.

HANDLINK, INC. is a fulfillment of a diversified team that provided industry solid solutions backed by unsurpassed support ground that cares and takes ownership of our client’s I.T. business needs. We are the team that has in-house capabilities and expertise to offer turnkey solutions to existing clients and potential clients alike.

## WHY ARE WE DIFFERENT ?

### Commitment to Excellence

We are proud of our track record for high performance, on-time delivery, and outstanding quality service support.

### Customer Driven

Our customers are at the heart of everything we do. We listen and embrace feedback from our customers, and actively engaged and seek input from our customers and partners as part of the product development cycle.

### Innovative Future - Ready Solutions

Our ability to find and develop new products and services for particular market segments provides unique value to our customers.

### Agility

We leverage our capabilities to respond quickly to meet the diverse requirements of our customers.
